PREFACE.

The Bills and Answers in Chancery (Elizabeth—Commonwealth) preserved in the Public Record Office are divided into two classes, viz.:—

Series I (Elizabeth—Charles I), arranged under letters of the alphabet for each reign, but otherwise not in chronological order.

Series II (Elizabeth—Commonwealth), arranged alphabetically in groups under each successive Chancellor.

The latter, a supplementary series, has been already dealt with in three volumes published by this Office (Lists and Indexes VII, XXIV and XXX). As regards the first series, it may be noted that, so long ago as 1827, the Commissioners of Public Records published three large folio volumes of "Proceedings in Chancery in the reign of Queen Elizabeth." This calendar was printed in tabular form on an elaborate and expensive scale, and each volume was provided with an *index locorum* and an *index nominum*.

The present volume of Chancery Proceedings, James I, is based on an old manuscript calendar constructed on similar lines to the calendar of Chancery Proceedings, Elizabeth, mentioned above; but, in order to economise space, the original manuscript, which includes the letters A—K, and a portion of L, for the reign of James I only, has been curtailed, only so much being retained as was necessary to indicate the chief parties to the suit and the general nature or subject of the proceedings.

There exist, in manuscript, an *index nominum* to each bundle, in one volume, and three volumes of a general *index locorum*, for the reign of James I, which may be used in conjunction with the list now published.

This volume of Chancery Proceedings, James I, has been edited and seen through the press by Mr. J. V. Lyle, an Assistant Record Keeper.
